

Belstone Brass has collaborated with one of the largest manufacturers of superior quality bathroom fixtures. Our manufacturing partner has been in business for over 50 years with annual revenues over 250 million dollars. They supply to the top ten Plumbing Brands in North America and Europe. The manufacturing plant is an IAPMO certified facility and we can satisfy all LEED and Green Build requests.

This partnership with Belstone is a natural progression as ProjectStone by Belstone has been a leader in the industry for over 25 years delivering quality and value to every customer. Belstone recognized the need for a brand of Hospitality Grade plumbing fixtures. The Belstone Brass brand maintains its focus solely on the Hospitality industry. We offer a comprehensive line of products that we design and build to excel in the hospitality environment.

Belstone Brass brings the combination of quality products, manufacturing and vast experience of its leadership to every project. We look forward to working with you on your next project.
