

Crafted in the material of your choice.

We create to your specifications.

Our beautiful, hand-selected solid wood is sourced from locations all over the world. We'll create your vanity base in any wood you specify, with your choice of color finish. Or if you prefer, stainless steel, aluminum or glass bases are also available—for a more contemporary styling. But creating your vanity base is just the beginning. We also provide complete installation and are known for our outstanding customer service. At ProjectStone, the job's not complete until you're completely satisfied. That's our ongoing commitment to you.

Expertly designed, superbly crafted. Custom Vanity Bases from ProjectStone. Our custom vanity bases provide just the right touch of grace and elegance to bathrooms and powder rooms of any décor. The choice of major hotels and hospitality chains in the U.S. and internationally, ProjectStone is the name you can count on for quality and beauty that last.

Your complete customized vanity package.

Custom wood furniture bases from ProjectStone® provide a functional yet stylish solution for today's hospitality market.

Working from your design, we produce expertly crafted custom wood bases that coordinate beautifully with our natural stone vanity tops—so you get a high-quality, precision-engineered vanity package at a very affordable price.

Solidly constructed with an impeccable attention to detail, our vanity bases are designed to last, and outlast competitive products. We provide the skilled craftsmanship your projects demand, including bowed fronts, in any wood and color finish you specify.

Engineered for daily use and long-lasting beauty.

Graceful lines in a freestanding base with two ample storage shelves.

A compact yet fully functional wet bar with open storage area.

*Engineered for daily use
and long-lasting beauty.*

*We're specialists in the hotel
and multiple housing markets.*

Every ProjectStone vanity is built to withstand the wear and tear of constant use while maintaining its elegant good looks. All engineering and quality control are performed in our Van Nuys, California facility, using the latest technology, and you have direct access to our in-house staff of CAD draftsmen, project engineers and architects. Working with overseas fabricators who are committed to our impeccable design standards, we can offer prices you won't find elsewhere in the U.S.

ProjectStone produces custom wood furniture for every hospitality market segment in North America, from economy motels and suites to high-end hotels and resorts, as well as a growing list of international clients. We also have a network of sales associates in 17 locations throughout the U.S. to ensure prompt, knowledgeable assistance close to where you are.

A tailored look in a freestanding base with capacious tiered shelves.

Elegant bowed front adds a touch of luxury in a wall-mounted design.

Streamlined wall mounted design provides easy-to-reach storage.
